This response only includes public criminal history data. Under Iowa law, most juvenile records are confidential. Confidential juvenile court records cannot be included in this response. A signed release authorization is not sufficient to obtain this information from the DCI. In order to request the release of confidential juvenile records, if any, an application must be filed pursuant to Iowa Code 232.147(18) through the Clerk of Court. Criminal history data concerning convictions for certain juvenile sex offenses can be found online through the the Iowa Sex Offender Registry (SOR). Even though some information is available online through the SOR, the actual records for juveniles may still be confidential and cannot be provided. In order to request the release of confidential juvenile records, if any, an application must be filed pursuant to Iowa Code section 232.147(18) through the Clerk of Court.

Iowa criminal history record checks are based on name and exact date of birth. Without fingerprints, positive identification cannot be determined. The records maintained by the Iowa Division of Criminal Investigation (DCI) are based on information provided to us, as required by the Code of Iowa, from other criminal justice agencies in Iowa. Therefore, the DCI cannot guarantee the completeness of the information provided. If an individual disputes the accuracy of information maintained by the DCI, please contact our office at dcirecordchecks@dps.state.ia.us.

RELEASE AUTHORIZATION INFORMATION:

Iowa law does not require a release authorization to request an Iowa criminal history record check on another person. However, without a signed release authorization from the subject of the request, deferred judgments where the DCI has received notice of the successful completion of probation cannot be released to non-law enforcement agencies. In addition, any arrest over 18 months old, without a final disposition, cannot be released.

Please note: If the "No Iowa Criminal History Record found with DCI" box is checked, it could mean the information on file is not releasable per Iowa law without a signed release authorization.

Furthermore, it could mean there is juvenile information that isn't releasable per Iowa Code 232.147. However, the release authorization does not pertain to juvenile information.

ADDITIONAL INFORMATION:

A criminal history record check of the DCI files do not include other states' records, FBI records, or subjects convicted in federal court within Iowa.

In Iowa, a deferred judgment is not generally considered a conviction once the defendant has been discharged from the deferred judgment after successfully completing probation. However, it should be noted that a deferred judgment may still be considered as an offense when considering charges for certain multiple offense crimes, i.e. second offense OWI. If a disposition indicates that a deferred judgment was given, you may want to inquire of the individual's current status.

A deferred sentence is a conviction. The judge simply withholds implementing a sentence for a certain probationary period. If probation is successful, the sentence is not carried out.
